Ward 13 Councilman Kris Harsh | WINTER 2024 | www.clevelandcitycouncil.org/ward-13

The March 19, 2024 Presidential Primary Election

The March 19, 2024 Presidential Primary Election will decide issues and the candidates who will advance to the General Election in November.

There are federal, state and county offices on the ballot. These include the President, the Senate and Congress. State, county, and judicial seats will also be decided by voters. There will be a county issue, as well as school issues and local issues on the ballot.

This is a Partisan Primary Election in which voters must select one of three ballot types on their Vote-by-Mail Ballot Applications, when Voting Early-In

Person or on Election Day at the polls. **Voters MUST choose either an Issues Only, Republican, or Democratic ballot.** A party ballot ONLY contains candidates from the Democratic or Republican party along with any issues available to the voter. An Issues Only ballot contains issues but does not include any candidate names.

Voters may Vote-by-Mail, Early In-Person or on Election Day. Vote-by-Mail Ballot Applications, Early In-Person Voting hours and important dates and deadlines are on the Board of Elections website: **www.443vote.us**. You may also call the Board of Elections for voter information: 216-443-VOTE (8683).

VOTE CUYAHOGA COUNTY
BOARD OF ELECTIONS

Besides having the opportunity to vote for Democrats and Republicans for federal, state, and county offices, the **Health & Human Services levy** will be up for renewal. This levy funds substance abuse treatment, MetroHealth, child protective services, programs for the elderly, homelessness services, and more.

College Now

Greater Cleveland

College Now Greater Cleveland aims to enhance postsecondary educational attainment in Northeast Ohio by providing **college and career access advising, financial aid counseling, and scholarship services.** They also offer **debt forgiveness programs for eligible residents**, enabling them to re-enroll at their former college or other institutions.

Contact College Now at 216-241-5587 or email info@collegenowgc.org to learn how you can get the education you need for the career you want. Go to cngc.org/adults for more information.

In preparation for this year’s **City of Cleveland Budget Hearings**, members of Council held three budget process sessions for residents in **February**. At these meetings, council members explained the ins and outs of budget hearings, answered questions, and took feedback from Clevelanders. At the session held at Estabrook Recreation Center, Councilman Harsh was joined by fellow members Jasmin Santana, Jenny Spencer, Stephanie Howse-Jones, and Rebecca Maurer.

Total Eclipse of the Sun Event

A Message from Councilman Kris Harsh

I would like to invite Old Brooklyn friends and family to Loew Park on Monday, April 8th. Come join hundreds of our neighbors from 2:00 to 4:00 pm in the afternoon, as we prepare for the **TOTAL ECLIPSE OF THE SUN at 3:13**. We will have hundreds of eclipse glasses on hand and will be sharing free coffee and hot chocolate. We'll have knowledgeable friends there to help explain what's going on for the kids and grownups alike. Don't miss this once in a lifetime opportunity!

Generation Eclipse

by Jay Ryan

Nodes

A **solar eclipse** occurs during the New Moon, when the Moon is near the Sun. A **lunar eclipse** happens when the Moon is opposite the Sun, at the Full Moon. But eclipses only happen some of the time. One might wonder why eclipses do not occur every month at the New and Full Moons.

The Moon's orbit is slightly "tilted" compared to the Earth's orbit. An eclipse can only occur at the points where the Moon's orbit crosses the Earth's orbit. These points are the **nodes**.

@EclipseOverCLE

However, two times a year, the nodes of the Moon's orbit line up with the Sun. Solar and lunar eclipses can occur when the Moon passes close to the nodes.

During most New Moons, the Moon is not aligned with the Sun. The Moon's shadow misses the Earth completely, and therefore a solar eclipse cannot occur.

A solar eclipse occurs when the Sun and Moon are aligned near a node so that the Moon's shadow lands on the Earth. This is what will happen during the USA eclipse of **April 8, 2024!**
