## A MESSAGE FROM Councilman Anthony T. Hairston

Dear Ward 10 Family:

As we face an unprecedented fall ahead, I want to reach out to each and every one of you to say again that my office and staff highly value your safety and health. As many of you are hunkered down at home rest assured our neighbors in Collinwood, St Clair-Superior, Glenville, Euclid Park and Nottingham are on the forefront of my mind.

First and foremost, we must honor the courage and bravery of those deemed essential workers as we continue to fight Covid-19. From the emergency room nurse to the factory assembly line worker, you are all equally important in keeping America safe, our economy chugging, and strengthening the bonds of our communities. I applaud your efforts, and your hard work does not go unnoticed nor will it be in vain.

This summer was a challenging one. However, I am proud of how our Ward came together to support each other and offer many community-facing programs. At the Northern Ohio Recovery center thousands of people received free pantry items, toiletries, and produce over the course of the summer. Five Pointe Community Center continues to prepare meals for our senior residents. Several different mural projects across the ward continue to beautify our neighborhoods into communities that welcome all people. From

The new Dedicated Senior Medical Center at 152nd and St. Clair Avenue. Story on page 3.

the new Euclid Park wall on the corner of Euclid and Lampson to the wonderful new art work curated by Stamy Paul on the Fischer and Jirouch building in St. Clair-Superior, these are just snapshots of the many positive changes I am bringing to the area through art.

In the meantime, I urge you to not only continue to check on loved ones, but go the extra mile to make sure your neighbors in need feel as if their community has their back.

Take care of yourselves and each other. But, above all, be safe.

Sincerely,

**Anthony T. Hairston**  
Ward 10 Councilman - City of Cleveland

## New LED streetlight installation underway

Councilman Anthony T. Hairston has been working with Mayor Frank Jackson's administration on a massive project to brighten street lighting throughout the city and install security cameras in various public places.

The city council approved legislation to replace all street lights with high-tech LED lights, which provide more illumination than the existing conventional street lights.

Council's action authorizes the city to enter into various contracts for the purchase of related equipment and supplies.

Council had previously approved the sale of bonds to pay for the project, estimated at \$25 million. The goal is to replace the city's 61,000 street lights. As of this writing, 73% have been converted. The LED lights are expected to reduce maintenance costs by 80 percent and energy costs by 10 percent.

Council also approved a companion piece of legislation that authorizes the city to purchase and install security cameras on city light poles located in high-crime and heavily travelled areas.

## Cleveland Water Main Replacement Project

Cleveland Water will be replacing the water mains on the following streets:

- BURGESS AVE. (from Roseland Ave. to Euclid Ave.)
- WICKFORD RD. (from Wayside Rd. to Euclid Ave.)
- CLIFFVIEW RD. (from Roseland Ave. to Euclid Ave.)
- HILLVIEW RD. (from Roseland Ave. to Euclid Ave.)

The benefits of this much needed project:

- Reduction of the amount of water loss due to breaks and leaks.
- Ensurance that customers receive a dependable supply of quality water.
- Better reliability of water supplied to the neighborhood for enhanced fire protection.

## Cleveland Public Libraries are OPEN!

**Euclid Avenue TLCI Study Area**

## Euclid Avenue in Euclid-Green Receives Funding for Major Transportation Study

In 2019, the Northeast Ohio Area Coordinating Agency (NOACA) awarded the city of Cleveland and Greater Collinwood Development, in partnership with the city of Euclid, a \$90,000 Transportation for Livable Communities (TLCI) planning grant to conduct a comprehensive transportation study along Euclid Avenue in the Euclid Green community, from the city's border with Euclid in the east to the city's boarder with East Cleveland in the west. This is a key study, as it is the only section of

Euclid Avenue in Cuyahoga County to have not gone through an extensive planning process. Furthermore, this study will set the table for improved transit along the corridor, as well as provide a framework for future development in the area.

While COVID-19 has delayed the start of this planning process, work is moving forward on this transformative initiative. Stay tuned as this process develops and look out for how you can add your input to this process.

## Gail Mayhand is Ward 10's Senior of the Year

Gail Mayhand is a true Clevelander. Born to Dorothy and George Wilkins, Gail grew up in the Kinsman neighborhood.

A proud East Technical High School alumna, where she took a full schedule of college preparatory courses. After graduating from East Tech, Gail continued her education at Cuyahoga Community College before beginning her career at Parker-Hannifin in 1977.

Gail was a dedicated employee, and stayed with the company for thirty years in positions ranging from stock selector to painter, cleaner to machine operator. After working up the ranks, Gail ultimately became an inspector. She moved to HC Starck, where she worked for five years before moving to, and ultimately retiring from, the Eaton Corporation.

Gail is the proud mother of two children, Patrick Thompson and Dashanna Conteh and grandmother of three, Peyton, Lamin and Dashayia. She has been a member of Ward 10's Euclid Park neighborhood since 1982, and after living in the same house for almost forty years she has seen firsthand how much the neighborhood has changed.

Ms. Mayhand values her community, and knows the importance of having committed neighbors. Her mission statement is simple – "somebody's got to do it!" Gail makes sure that somebody is her. Whether it is assisting at community events or attending council meetings, Gail is the first to volunteer.

"Find out where the meetings are being held and attend them," says Gail. "If they're not being held, start them." Gail is involved with her street club on Haldane Road, which gives back by organizing donation drives for the local nursing homes and bringing snacks to the Fifth District police station. The neighbors work together to solve problems in the community – and have a little fun. Recently, Gail's team earned bragging rights by winning second place in the street club's Family Feud competition.

**"Ms. Mayhand makes her mark in Ward 10 by being an engaged, active and dedicated resident. Thank you Gail for all you do!"**  
 - Councilman Anthony T. Hairston

Gail is also involved with her church, Mount Olive Lutheran Evangelical Church, where she has been a member since 1989. As a board member, she enjoys getting together with the other members for potlucks and comradery. She also stresses the importance of donating to causes and campaigns, both locally and internationally.

In Ms. Mayhand's free time she loves growing tomatoes and peppers in her garden and tending to her flowers. She also likes going to the movies – especially when Star Trek, superheroes, or Disney are involved, watching comedians online, reading short articles throughout the day, spending time with her dog, Roxy, and enjoying Lake Erie.

## Dedicated Senior Medical Center opens in Collinwood

PHONE 216-800-8020 HOURS 7:30 am - 5:00 pm, Mon-Fri  
[www.dedicated.care/find-a-location/cleveland-ohio/collinwood](http://www.dedicated.care/find-a-location/cleveland-ohio/collinwood)

Dedicated Senior Medical Center had a two week grand opening celebration in August. The Center is a family-owned primary and specialty care practice committed to delivering superior healthcare to Medicare-eligible seniors. They are located at the old Rite-Aid Building: 15105 St Clair Avenue.

At Dedicated Senior Medical Center, **Primary Care Physicians (PCPs) are the captains of your healthcare team.** They will see you once a month and oversee all aspects of your healthcare needs, whether you are sick or well. Your PCP will monitor your health and medications, order your on-site tests and screenings, and coordinate your care with all your specialists. They will keep all your doctors informed and on the same page, so you do not have to. By coordinating all aspects of your healthcare, they can keep you in the best possible health. **Some of the on-site services they offer are:**

- Primary Care
- Onsite Diagnostic Testing
- Medications Provided On-site
- Door-to-Doctor Transportation Available
- LifeCard
- Acupuncture

In July, Councilman Anthony T. Hairston and the Collinwood Development Corporation previewed the Dedicated Senior Medical Center in Collinwood. During the tour they met with the Collinwood Primary Care Physicians and discussed partnership opportunities for community service and providing senior programs in the greater Collinwood area.

### Art in Ward 10

This beautiful mural can be seen at Euclid Ave and Colonnade Rd. Thank you to artists Bob Peck, Davon Brantley, Swim, FadeResistantArtist, and Dayz Whun for sharing their talent. This project was made possible by Council Hairston, Greater Collinwood Development and Famicos Foundation.

## New streetscape coming to Five Pointes

The Five Pointes intersection will receive a \$50,000 investment in streetscaping, thanks to a grant awarded to Greater Collinwood Development Corporation from the Cuyahoga County Community Development Supplemental Grant program.

The Five Pointes Streetscape Project will implement recommendations from the September 24, 2018 Saint Clair Avenue Corridor Study. The St. Clair Avenue Corridor Study identified beautification, bike and pedestrian friendly amenities, and healthy lifestyle amenities as key needs. To address these needs, the Five Pointes Streetscape Project will provide **ladder style crosswalks, decorative place making banners, street trees, and bike racks.**

The goals of this project are to foster: an **increase in pedestrian foot traffic** to support area businesses, **enhanced resident and visitor satisfaction and safety** with the area, **transportation equity** by providing access to bike racks in an area previously having none, improved pedestrian safety, and an enhanced sense of place for the Five Pointes Intersection.

Five Pointes is a vibrant intersection, home to Collinwood High School, the Cleveland Public Library Collinwood Branch, and the Five Pointes Retail District. Physical enhancements through this grant will benefit not only the Five Pointes area but the entire Collinwood community. Greater Collinwood Development Corporation will keep the community informed and involved as this project progresses.
